Re: Docket No. CC-2025-OGR-01-003; Application for order to establish a spacing unit consisting of a part of Section 25, Township 5 North, Range 4 West, Canyon County, Idaho

Dear Mr. Barrett:

This letter serves as acknowledgement that the Idaho Department of Lands (IDL) received the above referenced spacing application on June 30, 2025. As described in Idaho Code § 47-328 (3)(a), "The department shall notify the applicant within five (5) business days of receipt of an application if additional information is required for the department to evaluate the application." After reviewing the spacing application, IDL requests the following additional items to clarify certain parts of the application as submitted.

1. The Notice of Service list for the subject Docket, including addresses of noticed parties, copies of the certified mail receipts, and copies of any Affidavit of Publication for published public notices as required by Idaho Code §47-328(3)(b).
2. The applicant should be prepared to present and discuss the following information as it relates to the requested spacing unit at the evidentiary hearing:
 - a. General information related to the proposed well, such as location, proposed total depth (PTD), and construction type (vertical, deviated or horizontal).

IDL has not made a determination regarding the completeness of the application as it pertains to the necessary information as provided in statute. The above request for information is only to clarify certain aspects of the information submitted in the application.

Bronson Barrett
