Subject: Ongoing IDL and IOGCC Matters

Ms. Romine,

Because I have clients with an interest in multiple matters ongoing at the IDL and/or IOGCC, could you please be sure to include me on ANY announcements from either entity about whether it will be modifying its hearing schedule to address the ongoing public health crisis? At the moment, IDL has a prehearing conference and a hearing scheduled in one matter, each of which is likely to include more than ten people (the hearing could include many more than that). Please include me on any and all notice lists for updates. Thank you.
