DEPT. OF LANDS
MAR 23 2020
BOISE, IDAHO

Dear Mr. Mick Thomas:

As the owners of real property, addressed 1203 Cottonwood Drive, Lot 15 in Block 5 of Northview Ranch Subdivision No. 6, **my wife and I object** to the approval of the spacing application submitted to the Idaho Department of Lands by Snake River Oil and Gas, LLC. We also object to the approval of any request to integrate the unleased mineral interest owners in the proposed spacing order.

Our reasons for objecting to approval are as follows:

- 1) Personal and public safety concerns.
- 2) Fear of personal and community health injuries arising out of exposure to contaminants.
- 3) Concern of earth movement and contamination on my property due to natural resource extraction activities. Damages caused by such activities are normally excluded by property insurance plans.
- 4) Concern for air and water environmental quality preservation.
- 5) Release of my mineral interest rights against and without my authorization.

We respectfully request that you protect our personal, community, and state safety, health, and property rights. You will do this by **NOT** approving Snake River Oil and Gas, LLC's spacing application and by **disallowing any further actions** to obtain authorization to extract natural resources from the proposed area.

Sincerely,

Colonel Wendell Nierman, USA, Retired *Retired.*

Norma Nierman
