I wrote a letter regarding Court docket CC-2020-ORG-01-001 and would like you to apply that same letter to CC-2020-ORG-01-01-002. I still feel that drilling under our properties will affect the quality of the water supply in the future and strongly oppose the State of Idaho giving permission to the oil and gas people to disturb our environment. I also feel this could affect the value of our property.

Please let it be known that I, as a citizen of Idaho, strongly oppose the oil and gas companies being granted any rights to disturbing any ground on or near my property at 2692 Bayberry Dr. Fruitland, Idaho

Respectfully,

The McPheeters Family Trust, U.A.D. 8/1/97 Lorretta Kay McPheeters, Trustee

Dear Ms. Romine:

It has come to my attentions that yet another gas company is trying to drill near or under my property at 2692 Bayberry Drive Fruitland, Id 83619. I want to go on record that I do not want to sell my rights to these people and I will never want them on or near my property.

I feel that it is not healthy to me or the future people who are living in the Northview Ranch addition. Please put me on record as opposing this as I am unable to attend meetings in Boise, Idaho on April 9th.

Respectfully,

The McPheeters Family Trust, L. Kay McPheeters trustee.
