Mick Thomas,

This letter is intended to be a show of support for Snake River Oil & Gas in regard to Docket No. CC-2020-OGR-01-003 – Integration Order CC-2016-OGR-01-001 and Barlow #2-14.

Snake River has shown to be a responsible company that people throughout southwest Idaho can depend on. Natural gas is an essential part of everyday life and many people and businesses benefit from its presence in Idaho. As you know our company has been doing business here since the start of the play in Payette County in 2010, I have found Snake River to be a company that shows integrity and takes care of its neighbors and the lands. Snake River relies on small businesses in the area to purchase goods and materials—which is a much-needed boost to the economy. They also do what they can to minimize their environmental impact as they harvest this essential resource.

Please allow Snake River's development to continue.

Thank you.

Bob Hatfield
