Date: Sunday, September 12, 2021 01:37:52 PM

Dear Administrator Thomas --

My client, the Applicant, informs me that it has determined two of the mineral owners included in the application for integration order are the subject of an existing oil and gas lease. The affected owners and tracts are BK Construction (Tract #3 on the plat included in the application) and Harvey R. Stepp and Sandra Baker (Tract #9 on the plat). Those owners and tracts may be removed from the application.

I have not yet calculated the impact on the percent leased in the spacing unit, given that it already exceeds 90%. Let me know if you would like that calculation.

Let me know if you have any questions.

Thanks,
Mike
