

DEPT. OF LANDS

JAN 06 2020

1-2-20

BOISE, IDAHO

My Thomas:

In regard to your meeting later this month my wife & I are going on record that we are opposed to any pending application in our section.

We have not signed any lease with any oil CO's!

We have a serious problem with any loss to property values.

We are in our late 80's and plan to give to our seven children the value of our home to them as the property on Aspen Dr. is all we have to leave them thus, any drop in property values would be very bad for our estate bottom line.

We will not be attending our meeting as we not only drive in Boise - last time we drove there we almost got killed by the crazy drivers.
