RE: Docket No. CC-2020-OGR-01-003 – Integration Order CC-2016-OGR-01-001 and Barlow #2-14

Mick Thomas,

I am a rancher in New Plymouth and believe the success of Snake River Oil & Gas will bring good things to Payette County and the state of Idaho.

Whenever possible, I would like to see our state and country be independent from other countries. That means using the resources we have available in our own backyards. Snake River Oil & Gas is helping to make that happen by providing this critical product to the world.

Of course, there are a lot of reasons why we need to keep a close eye on industries such as this. I can appreciate that. However, I do think that Snake River Oil & Gas is worthy of our trust. They have sought to minimize their environmental impact and I believe they have been successful in that. I live in this area and want to see the land maintained properly for future generations. I trust that will happen in the hands of Snake River Oil & Gas.

Thank you for considering this letter in support of this important issue. I look forward to seeing a fair and timely review.

Best,
