Kourtney,
Please have the record show that the letter I wrote is in opposition to the spacing application submitted by Snake River Oil and Gas on 2/24/2020.
Thank you,
Joey Ishida

Mr. Ishida,

Thank you for your response.

- 1- Is this a comment letter on oil and gas or is this directed to one of the active contested case proceedings?
- 2- If this is related to one of the contested case proceedings, can you please verify which one it is?

Thank you,

Kourtney Romine
Administrative Assistant II

Subject: Oil and gas

IDL,

As homeowners in Payette County we continue to oppose the gas industry coming into our area. It is hard to believe that industry here will be any different this time with past bankruptcies, law suits, untruthful recording, and cheating land owners. Why are you willing to let companies with such terrible reputations and practices come in and affect the citizens of Idaho?

Why is the oil and gas industry able to continually discard present laws that are not agreeable to them and change them to meet their needs?

The oil and gas commission's purpose is to regulate the industry. **THAT MEANS ENFORCING THE CURRENT LAWS.** Do your jobs.

Joey and Brenda Ishida
