---

To Whom it Concerns,

We would like to make it clear, in no uncertain terms, that we are against everything the Snake River Oil & Gas Company would like to accomplish with the oil and gas well placed so dangerously close to our house and neighborhood. This includes the spacing application this company applied for on February 24, 2020.

It so difficult to understand how this well is even in existence so close to a subdivision with hundreds of residents and right next to a river!
