Well I'd like it to go for both, if I could. Otherwise the latest application.

Thanks,

Jeanne Hurd

Hello,

My apologies for not being more clear. Snake River Oil and Gas has submitted two applications for two separate spacing units. One was submitted on 02/24/20 and has Docket No. CC-2020-OGR-01-001 and another application was submitted on May 26, 2020 and has Docket No. CC-2020-OGR-01-002. Both of these applications are in Payette County near Fruitland. Which Docket/application are you commenting on?

Kourtney

Ms. Hurd,

Thank you for your response.

can you please verify which one of the spacing applications this is directed toward?

Thank you,

Kourtney Romine

Attn: Mick Thomas

Dear Mr. Thomas,

I would like to object to the application filed by Snake River Oil and Gas for an oil and natural gas spacing unit in Payette County. Besides the danger of contamination, I am appalled at the idea that our private property rights will mean nothing. I don't understand how we can post "No Trespassing" signs for hunters and fishers, but not for people digging up our land - and to fill their pockets at our expense!

Please don't let this happen!

Sincerely,

Jeanne Hurd
