13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones, attach the Bond under which the work will be performed or provide the Bond No. on file with IDL. Required subsequent reports shall be filed within 30 days following completion of the involved operations. Final Abandonment Notices shall be filed only after operations. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The purpose of this recompletion is to plugback the subject well in Sand 2 to eliminate water production and to complete the well with a packer in the well to reduce the downhole restriction with the existing cement retainer in the well. The well is currently flowing 3.3 MMCFD x 65 BCPD x 64 BWPD w/677# FTP on a 36/64" ch. This work will payout in less than 4 months based on savings on disposing of produced water.
