Mr. Risch,

Let us make it very clear. We do not want the information for other wells. We are only seeking hard copy information requested for our wells only. The problem appear to be that Alta Mesa doesn't want to separate the information. There shouldn't even have to be discovery. Our request for the information (which is what we have been trying to accomplish) should be sufficient. Thus, no protective order would be necessary if Alta Mesa would give us just our wells' information only.

Respectful,

Randy & Thana Kauffman
