Subject: Barlow 2-14 well - strong opposition
Date: Wednesday, August 05, 2020 07:23:20 PM

Dear Ms. Romine,

I am writing to you today in opposition of further continued drilling in SW Idaho, specifically the application for Barlow 2-14 gas well.

In no way is continued drilling economically effective and or efficient in this area. The cost to taxpayers / State of Idaho far outweighs the benefits.

Please enter my opposition into record.

Thank you,
Kris Grimshaw
