## **Post - Drilling or Annual Well Inspection Form**

Section 1: General Information	
Operation Data	Inspection Data
Operator Name	Inspector Name
Snake River Oil & Gas	Dave Schwarz
Well Name ML Investments 2-10	US Well ID Number 11-075- 20022
Operator Contact Pat Harris (208) 995-4892; Dan	Inspection Date
Johanek (208) 707-7867	24Nov2020
County: Payette	Report Date:
Trespondent Signature of the Control	Report Date: 27 Nov 2020
Inspector's Signature:	Inspection Summary:
	Operation is in compliance as of inspection.
©EDLOGES!	Issues of concern are identified below.
Location Description: Shut In	240 100
State Lease? No Ves, then number: 01996 @ 6.25%	
Federal Lease? No Yes, then number:	
Scome of Francis ( ) 1 1 1	
Scope of Inspection (check all that apply and, or, were veri	fied during the inspection):
✓ Well site ☐ Tank Battery ✓ W	ellhead Meters Other:
If well site, is the well a multiple zone completion?	☐ Yes 🗹 No
Section 2: Pits	IDAPA 20.07.02.230
1. Are pits located on site?	
	☐ Yes 🗹 No
A If ves	<del></del>
A. If yes;	_
i. Permitted as:	Short-term pit
• '	
i. Permitted as:	attach with this inspection.
<ul><li>i. Permitted as:</li><li>ii. Use Corresponding Pit Inspection Form and</li><li>Section 3: Identification of Wells</li></ul>	attach with this inspection.  IDAPA 29.07.02.300

Section 4: Location Operations	IDAPA 20.07.02.301
<ol> <li>Is the well site fenced?         (Answer N/A if the well has not been completed and fencing is not erected)     </li> <li>If Yes;</li> </ol>	□ N/A ✓ Yes □ No
i. Was the fence installed within 60 days of completing the facility?	Yes □ No
ii. Does the fence appear to:	
a. Maintain safe working conditions?	M Vac II N
b. Secure the well site?	<ul><li>✓ Yes ☐ No</li><li>✓ Yes ☐ No</li></ul>
c. Prevent access by wildlife and livestock?	Yes No
2. Is the site free of excess vegetation?	☑ Yes ☐ No
3. Has it been more than six months since the removal of the drilling rig?  4. Are chemicals stored and maintained in accordance with	☑ Yes ☐ No
all applicable MSDS requirements?  5. Do all vehicles or materials on the cite annual to	M/A ☐ Yes ☐ No
5. Do all vehicles or materials on the site appear to be in use?	☑ N/A ☐ Yes ☐ No
6. Is the site free from all trash, debris, or scrap metal on site?	Yes No
<ul> <li>a. If no, is all trash, debris and scrap metal pending removal kept in a wind proof container and appear emptied regularly?</li> </ul>	☑ N/A ☐ Yes ☐ No
b. If trash or debris constitutes a fire hazard, is it removed to at leas 100 feet from the facility, tanks or separators?	t N/A Yes No
Section 5: Chokes	ē.
1. Are all flowing wells equipped with adequate chokes to properly control flow?	IDAPA 20.07.02.312
	☐ N/A ☑ Yes ☐ No
Section 6: Separator Location and Meter System Location	
At Well Site	
Section 7: Hydrocarbon Fluid Measuring Systems	
☐ Coriolis Measuring System for Liquid Hydrocarbons ☐ Orifice Measuring System	for Gaseous Hydrocarbons
Are meter system calibration tags current? Yes No	ShitIn
Section 10: Inspection Comments	
Comments and Issues of Concern: Shat In.	
Section 11: Attachments - if hardcony, attach to this form. If electronic - Icaria, miles
