Temporarily Abandon Water Disposal Water Shut-off Well Integrity Test X Other

Describe the proposed or completed operation, clearly stating all pertinent details including estimated starting date of the proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach a copy of the Bond under which the work will be performed or provide the Bond No. on file with IDL. Required subsequent reports shall be filed within thirty (30) days following completion of the involved operations. Final Abandonment Notices shall be filed only after operations, and only after all requirements, including reclamation have been completed and the operator has determined that the site is ready for final inspection.

Per phone conversation and e-mails on Monday, December 12, 2022. Between Clinton Harman (SROG consultant) and James Thum (IDL), Snake River intends to undertake a Mechanical Integrity Test on Friday, Dec.16, 2022 On the Kauffman 1-9 UT & LT dual completion.

Results will be forwarded to James Thum after completion of MIT.

Submitted by Clint Harman, Consulting for Snake River Oil and Gas, NOVEMBER 15, 2002

Attach additional information as needed to support the application
