Re: Docket No. CC-2024-OGR-01-002; Application for order to integrate unleased mineral interest owners in the spacing unit consisting of the NE $\frac{1}{4}$ of Section 9 and the NW $\frac{1}{4}$ of Section 10, Township 8 North, Range 5 West, Payette County, Idaho

Dear Mr. Christian:

This letter serves as acknowledgement that the Idaho Department of Lands (IDL) received the above referenced integration application on August 23, 2024. As described in Idaho Code § 47-328 (3)(a), "The department shall notify the applicant within five (5) business days of receipt of an application if additional information is required for the department to evaluate the application." After reviewing the integration application, IDL requests the following additional items to clarify certain parts of the application as submitted.

1. Application letter, page 2, Item 4, states that, in the Declaration of Richard Brown, attached as Exhibit C, the proposed drill site is leased from Larry James (tax parcel #01100005000A). Exhibit B the list of owners, includes a list of parcels under Map #1 for Larry James. This list does not include the above tax parcel number, nor is it included in the list of tax parcels for other mineral owners within the unit. Please provide clarification that the proposed drill site is leased from Larry James.

IDL has not made a determination regarding the completeness of the application as it pertains to the necessary information as provided in statute. The above request for information is only to clarify certain aspects of the information submitted in the application.

If you have any questions, you can reach me at (208) 334-0243 or jthum@idl.idaho.gov. Thank you for your assistance.

Michael Christian
