RE: Application Permit to Drill, Miller #1-15

Please know, I live in Section 15, feet away from the proposed drill site.

First, the problem I have with this whole situation is I feel that even with the officials it is a money thing. And they don't care about our town, they don't care about our homes, and they don't care about our beings. And I feel this is the wrong place to do something like this. You are dealing with a lot of homes, dealing with a town, dealing with businesses.

I truly feel in my heart that even some of these officials are involved so they can make money. They don't care about the people that pay their wages. We pay our property taxes to keep the town going. And nobody cares. It is just about making money and being rich. It is a shame. I voted for you and you have let us down. I am not accusing you of taking money but believe you have done exactly that.

One day we all must stand in front of our Maker, our God in heaven, and be judged by our deeds good and bad. And I pray for your souls.
