

**IDAHO OIL AND GAS CONSERVATION COMMISSION
OIL AND GAS MONTHLY DISPOSITION CODES**

OIL / CONDENSATE / NGLs			GAS			WATER		
CODE	DISPOSITION	DESCRIPTION	CODE	DISPOSITION	DESCRIPTION	CODE	DISPOSITION	DESCRIPTION
1	PIPELINE	Use this code when production is transferred via pipeline to a gathering or processing facility.	1	SALES	Use this code when a product is directly sold from the lease.	1	PIPELINE TO INJECTION WELL	Use this code when produced water is transported via pipeline to a Class II Injection Well for disposal.
2	TRUCK	Use this code when production is transferred via truck.	2	LEASE OR FUEL USE	Use this code when gas is used for field operations including lease fuel, compressor fuel, operational fuel, etc.	2	TRUCK TO INJECTION WELL	Use this code when produced water is transported via truck to a Class II Injection Well for disposal.
3	TANK CAR	Use this code when production is transferred to a tank car.	3	VENTED / FLARED	Use this code to report gas vented or flared, either during testing or well production.	3	PIPELINE TO EVAPORATION FACILITY	Use this code when produced water is transported via pipeline to an evaporation tank, pond or facility for disposal.
			4	TRANSFERRED TO GATHERING FACILITY	Use this code when production is transferred to a gathering facility.	4	TRUCK TO EVAPORATION FACILITY	Use this code when produced water is transported via truck to an evaporation tank, pond or facility for disposal.
			5	TRANSFERRED TO PROCESSING FACILITY	Use this code when production is transferred to a separation or plant facility for processing (typically where liquids are extracted from the gas stream and the shipper/operator receives an allocation for drip/retrograde condensate).
