Date: Friday, July 31, 2020 09:07:38 PM

To Whom it Concerns:

We writing to express our concerns about the 640 acre spacing application located between the Fallon and Barlow well sites. Docket No. CC-2020-OGR-01-002. We beg you to deny this spacing application. Two wells are already too many in a small area next to a river and multiple watersheds and wildlife. Not to mention the negative effects that will befall those living near this well site. It is incomprehensible to think this is even being considered.

Concerned Citizens of Payette County,

Adam and Holly Fugate

2725 Dogwood Ave.
Fruitland, ID 83619
