

DEPT. OF LANDS

JAN 13 2020

BOISE, IDAHO

From: Lowell and Geraldine Davis

To: Mick Thomas

Subject: Alta Mesa Oil/Gas Application (Fallon Well)

Date: Thursday January 9, 2020

Mr. Mick Thomas,

My name is Geraldine Davis, I live with my husband Lowell at 8407 Washoe Rd and have resided here for the past 40 years. We have seen many changes over the years and one that is very upsetting to say the least. Our home is now in the area where Alta Mesa has applied for a gas/oil well. We are against the drilling and forced pooling. The Fallon well is so dangerously close to the Payette River and the Fruitland Water Plant. Why anyone with sound mind and body would allow this is beyond explanation.

Our concerns first and for most is our family health free from health risks, our water supply free of contamination. Our property would be of little value or use to anyone if the water was contaminated. We were exposed to the burn off of the Fallon well which produced loud continuous roar not to mention the unsafe air quality. This well has the very real potential to impact our way of life and God help us if it would destroy us.

We expect you to do your jobs to protect our private property rights and keep us safe from dishonest companies such as Alta Mesa. This must be stopped for the sake of all Idaho people. We pray you make the right decision.

Thank you for your time

Geraldine Davis
