Subject: Comment on Docket No. CC-2020-OGR-01-001 - Application for Spacing
Date: Tuesday, June 09, 2020 11:56:22 AM

I am writing in opposition to the order in Docket No. CC-2020-OGR-01-001 - Application for Spacing.

The state of Idaho should not be supporting the development of oil and gas fracking in Payette County. The project seems designed to benefit Snake River Oil and Gas, an out of state company, while destroying local precious ground water resources, air quality, and property values.

Fossil fuels are the technology of the past. Idaho's path to a profitable, clean, energy future lies in the development of our considerable wind and solar resources.

Thank you for this opportunity to comment.
