Subject: Fallon 1-10 Commencement notice

Good morning James,

The current P&A activity is going well and, though It is difficult to determine exactly when we'll be moving to the Fallon 1-10, the earliest would be Wednesday afternoon. We are starting the Tracy Trust #3-2 P&A today and will move to the Fallon 1-10 when complete. If I can provide anything else, let me know. Thank you.

Diane M. Kassab

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones, attach the Bond under which the work will be performed or provide the Bond No. on file with IDL. Required subsequent reports shall be filed within 30 days following completion of the involved operations. Final Abandonment Notices shall be filed only after operations. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Rig up on 9-5/8" surface casing and attempt injection test into 9-5/8" x 5-1/2" annulus. Pressured up to 2450 psi several times but unable to pump down casing. Secured well and released Pioneer WL and Cannon Pumping Service. Will perform workover at a later date.

Re: Fallon #1-10
Approved Top Job Sundry dtd July 19, 2019

Dear Mr. Thum:

Enclosed is a report of the work we performed on the Fallon #1-10. We were unable to establish injection, so will perform a workover after the pipeline is constructed.

Thank you for your consideration. If I can provide any additional information, please contact me at 281-994-5429 or dkassab@high-mesa.com.

Sincerely,

Diane M. Kassab
Regulatory Compliance Manager
